

Locating Arkansas' K-12 State Teacher Identification Numbers

Where can I find our district's teachers *individual* State Teacher Identification Numbers (STIN) so that my teachers can sign up for online professional development opportunities through [Arkansas IDEAS](#) ?

The information that you are looking for can be accessed through the [Arkansas Department of Education's](#) Web site:

Go to **Commissioner's Memos**, and select: Sort by: Date and Dates: All Memos, and then select View. When All Memos are loaded, then Scroll down to the **October 23, 2006** date, and select the Commissioner's Memo, [Unique Teacher ID and On-Line Professional Development Memo \(COM-07-049\)](#).

Or, go to the [Arkansas IDEAS Learn Now!](#) system's Members Log On Here button, and:

The screenshot shows the 'Arkansas Ideas - Learn Now LMS - Microsoft Internet Explorer' browser window. The address bar shows 'http://lms-1.aetn.org/'. The page header includes the 'ideas' logo and the tagline 'Internet Delivered Education for Arkansas Schools'. A sign-in form is on the left with fields for 'User Name' and 'Password', and buttons for 'New User' and 'Continue'. The main content area has a 'Back To Home' link and a welcome message. A red circle highlights a link in the text: 'The Arkansas Department of Education has provided a new 10-digit State Teacher Identification Number for each currently licensed educator. This number is located on the license. You will need to contact your State Teacher Identification Number (STIN) at 1-800-662-2386 or E-mail: arideastech@aetn.org for more information. <http://www.ade.state.ar.us/STIN/STIN.asp> for more information.' A yellow callout box on the right contains the text: 'Select this direct link to the ADE Commissioner's Memo with a pathway to facilitate Arkansas' K-12 Teachers in locating their State Teacher Identification Numbers.'

If you are in a *public* K-12 school, you will be able to get your number from the **Technology Director** / Representative in your district. It is generated and located in the TRIAND system.

If you are *unable* to get this information from your district, then please send us your name as it is listed on your license, your contact information, including your phone number, email address, and where you work, with a statement that attests to the fact that you are a licensed teacher. We will need your last 4 digits of your SSN number as well.

Reply to: arideastech@aetn.org

If you are not a licensed teacher, you *will* be able to access the system for demonstration and instructional purposes *only* by using:

User Name: demouser

Password: demouser

In the [Arkansas IDEAS Learn Now!](#) system.
