

How to unblock your pop-ups for the Arkansas Ideas Web Site for Mozilla Firefox version 1.5 or higher

1. Click on **“Tools”** from your toolbar at the top of the browser.

2. If you do not have the easy Pop-Up blocker option in the menu, choose “Options...” from the Tools drop-down menu.

3. A window should open up with different tabs at the top. Choose the “Content” tab.

4. The “**Block Popup Windows**” option is located at the top of the window. If it is checked, click the check-mark box to uncheck the option.

5. The box should be unchecked and look like the window below to turn OFF the pop-up blocker.

6. Finally, click the “OK” button at the bottom of the window to save your changes.

Your pop-ups are now allowed!

If at any time you would like to turn the pop-up blocker back on, follow these steps again and check the options to block pop-ups.

**Please remember to turn off
Pop-up Blockers
anytime you are on the
Arkansas Ideas web site.**
